ATTENTION!

Be sure to consult a Mount Mercy advisor before registering for courses listed in this schedule.

The Mount Mercy class schedule is subject to change.

REMINDER

Check your Academic Plan on *myMountMercy* for required classes before registering.

SELECT POLICIES AND PROCEDURES

Financial Aid

Mount Mercy offers scholarships and grants to both part-time and full-time students based on academic achievement. Scholarships and grants apply to only fall and spring semesters. In order to be eligible for Mount Mercy scholarships and grants, all required documentation must be turned in to the Student Financial Services Office by **October 1** for the fall semester and **March 1** for the spring semester. For more information, please contact Mount Mercy's Student Financial Services Office at 319-368-6467.

Tuition Refund Policy

During the add period, students may adjust their class schedules without incurring an add/drop fee. On the first class day after the last day to add (for the term), the student's tuition bill will be adjusted based on the student's final class registration received from the Registrar. After this date, a tuition refund will only be applied if the student withdraws from Mount Mercy. See the Student Financial Services Office for the complete refund schedule.

Wait List

If you are on a wait list for a class, you are NOT enrolled. The Registrar's Office processes the wait list until the start of the semester or term. If you are moved off the wait list and enrolled into the class through this process, you will be notified by e-mail. If you no longer desire to be in the class after enrollment, you must officially drop the class using a drop form. If you are not notified of enrollment, you are NOT enrolled in the class. If you attempt to add the class after the semester or term has started, you must complete the add form, including signatures of your advisor and instructor of the class you are adding, and submit the form to the Registrar's Office before the last day to add.

Withdrawal from Mount Mercy

Students who decide to leave Mount Mercy must officially withdraw through the Registrar's Office, x1310. Withdrawing from all courses in a given semester constitutes a withdrawal from Mount Mercy.

The official date of the withdrawal will be the date that the student initiates the withdrawal process. Students should consider how the decision to withdraw will affect any of the following: financial aid, social security, employer reimbursement, health insurance, veteran's benefits, and scholarships. The ability to maintain athletic eligibility, to maintain a student visa (international students), or to purchase insurance as a student may also be affected as a result of the decision to withdraw.

Students withdrawing from Mount Mercy will receive "W" grades in their courses for the given semester. Students will be removed from all registered courses in subsequent terms/semester. Students who do not withdraw but quit attending all classes will receive the grade they earn in their courses. Any student desiring to return to Mount Mercy after withdrawal will be required to re-apply for admission through the Admissions Office.

HONORS PROGRAM

Mount Mercy's Honors Program offers accomplished students the opportunity to take unique classes that encourage the exploration of ideas beyond traditional academic boundaries. Eligible first year students are invited to enroll in one or more Honors sections within the Core Curriculum, as listed below. Students who wish to learn more should consult the Honors Director, their advisor, or the *Catalog*.

Honors Program Seminars

Honors students are invited to participate in the honors seminars. The seminars are interdisciplinary and taught by faculty from a variety of areas. Successful completion of two honors seminars enables students to fulfill part of the requirements for graduating in the honors program with distinction.

Contact Information for Honors Director:

Dr. Richard Barrett
Office: Lundy 010
Phone: x1887
Email: rbarrett@mtmercy.edu

Honors program courses are open to non-honors students with the permission of the instructor.

INTERNSHIPS

To register for an internship, please complete the Internship Registration and Release of Liability Form. You will need to secure the signature and approval of your advisor and the supervising instructor for the internship. Upon approval from the Provost's Office, use the completed form to register in the class.

INTERNATIONAL PROGRAMS

Studying abroad can offer new professional contacts and prospects, enhance your academic learning, increase global awareness, and provide opportunities for personal growth. Mount Mercy students from any major are urged to consider a study abroad experience. Study abroad options vary from short faculty-led programs to places like England, Ireland, or France; summer or semester programs at partner universities in the Czech Republic or United Kingdom; or an affiliated program in one of over 19 countries.

CORE CURRICULUM

Through the Core Curriculum, students will REFLECT on their thinking as they develop an understanding of self and the world, and take ACTION to promote the well-being of others.

The Core Curriculum is the foundational piece of a Mount Mercy education. Regardless of one's major, every student at Mount Mercy can be assured of a broad course of study in the traditional liberal arts. The Core Curriculum has four components:

- An introductory portal course
- A culminating capstone experience
- Multiple ways to achieve competency in writing, math, and oral communication
- A comprehensive survey of the seven domains of liberal study

THE MOUNT MERCY PORTAL

The portal course is designed to introduce students to the field of liberal studies, priming them to make informed choices about their future core courses; and to foster a sense of community and service, in the class, at Mount Mercy, and in the greater Cedar Rapids area. Students will examine questions from the Mercy critical concerns: earth, immigration, non-violence, poverty, racism, and women.

Transfer students who have an AA degree from an Iowa community college, earned 60 hours or more transferable college credits, or have used transfer courses to fulfill 7 of the 10 domain requirements, are exempt from the portal course. Portal courses include:

A list of Fall 2022 portal courses can be found on page 6.

THE MOUNT MERCY CAPSTONE – ME 450

The 400-level Mercy Experience Capstone course is intended as a culminating experience in the liberal studies. Students need to register for this course along with the senior seminar (or another designated course) within their major, typically during the year in which they plan to graduate.

CH 101	Chemistry in the Kitchen
CH 111	General Chemistry I
PH 100	Physics Lab
PH 114	Physical Science
PH 115	Earth Science

Domain IV: Ultimate Questions

This domain introduces students to the study of the ultimate questions of human experiences. It invites consideration of possible answers to those questions through philosophical or religious reflection about the existence of God, the meaning of human life, ethical responsibility, the common good, and social justice.

- Understand similarities and differences between two religious or philosophical concepts about the nature or activity of God, at least one of them consistent with the Catholic tradition
- Explain two religious or philosophical concepts relating to the dignity and value of the human person, at least one of them consistent with Catholic social teaching, and apply these concepts to a social justice issue

Two courses are required from the following options:

Philosophy (choose one):

PL 251	Western Philosophy (prereq: soph)
PL 261	Philosophy of Human Person (prereq: soph)
PL 269	Introduction to Ethics (prereq: soph)

Religious Studies (choose one):

RS 110	Christian Moral Life
RS 111	Old Testament
RS 113	New Testament
RS 114	Introduction to Christianity
RS 115	World Religions

Domain V: Self and Society

This domain is designed to expose students to the study of society and the manner in which people behave and impact the world around us. Students will appreciate the interconnectedness and complexity of human interaction as represented in the various social science disciplines.

- Examine at least two factors that influence individuals, groups or social institutions
- Identify and critically apply concepts or theories OR identify and critically apply methods or measurement

Two courses, selected from two different academic disciplines below:

EN 140	Introduction to Diversity Studies
