## MOUNT MERCY UNIVERSITY

Disclosure of Institutional Graduation/Completion Rates; Transfer-Out Rates; Receipt of Federal Aid

As a result of regulations implementing the changes to the Higher Education Amendments of 1998, Mount Mercy University is pleased to provide to all enrolled and potential students, a notice of the availability of graduation rates as well as a listing of this information. Detailed information regarding graduation rates may be reviewed in the Registrar's Office, 211 Warde Hall. Appointments should be made with Chance McWorthy, Registrar.

The following information summarizes the graduation rates of full-time, first-time, degree-seeking Undergraduate students entering Mount Mercy in the fall semester of the following years: 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014 and 2015. The graduation rates reflect the graduation/completion status of students who enrolled during the given year and for who 150% of the normal time-to-completion has elapsed.

Disaggregated rates are only disclosed for racial/ethnic subgroups when the number of students in each subgroup is sufficient to yield statistically reliable information and not reveal personally identifiable information about an individual student.

We have elected not to report our transfer-out rate because our University's mission does not include providing substantial preparation for students to enroll in other institutions.
