ACADEMIC AWARDS FOR INTERNATIONAL STUDENTS (F-1)

Scholarships and Grants

Mount Mercy University recognizes that your education is a big investment in your future, and we are happy to provide international students with generous scholarships to help make studying here more affordable for students and their families.

These awards are based on your high school grades if you are a new, first-year student and on grades from your current institution if you are a transfer student. These are based on a 4.0 scale and are renewable for four years.

To get an estimate of your U.S. grade point average, you can use this site: www.wes.org/students

Grade Point Averages from non-U.S. institutions will be calculated based primarily on conversion scales published by World Education Systems (WES), although scales published in the National Collegiate Athletic Association Guide to International Academic Standards may be used in some circumstances. Other grade conversion systems will not be considered for the purpose of calculating scholarships.
