We're here for you during life's health transitions. Care Initiatives is committed to serving Iowans with the utmost compassion, dignity and respect, no matter what life brings.

Volunteer Opportunities

Care Initiatives Hospice is looking for caring, compassionate people to become hospice volunteers. Volunteers will be visiting someone in their own private residence or a nursing facility. Training will be provided. Volunteers provide care and support to patients, families and the hospice team to help ensure quality of life at the end of life. Volunteers determine their own schedule. As a hospice volunteer, you may hold a hand, listen to memory and stories, read a story, share a special talent, give a hug, touch a heart, and change a life. Volunteers are matched with a patient. There are countless ways to help and change a life.
