

# The League of Conservation Voters

<http://www.lcv.org/>

*LCV works to turn environmental values into national, state and local priorities. LCV, in collaboration with our state LCV partners, advocates for sound environmental laws and policies, holds elected officials accountable for their votes and actions, and elects pro-environment candidates who will champion our priority issues.*

## Volunteer Opportunities

The League of Conservation Voters is looking for student volunteers and interns to help spread the word and raise awareness about environmental issues in Iowa. Volunteer opportunities include calling and/or canvassing community members about local environmental concerns, participating in letter writing campaigns to decision makers, and helping with event planning. The goal of the League of Conservation Voters is to turn environmental values into national policies through grassroots organizing.

## Critical Concerns Focused on

1. Earth
